## Save money no matter what you drive

Vans, pick-ups, dump trucks, SUVs. We'll help you get coverage for all these vehicles and more at a rate that respects your bottom line. And we'll save you extra cash with discounts designed with budget-conscious business owners in mind.

### Balancing a monthly budget?

You'll find it easier with our variety of payment plans, such as:

- » convenient installment options
- » low initial payments
- » six-month policies

And making those payments is easier, too—simply pay online or by phone with check, credit card, money order or automatic withdrawal (EFT).

## Keep your whole crew covered

We'll cover all the members of your hardworking crew, from new hires to seasonal staff to veteran drivers and more. And whether you depend on one vehicle—or a garage full—to get the job done, your commercial policy can help keep you in business.

Consider a commercial policy if you need coverage for:

- » Ownership types such as partnerships, corporations or sole proprietors with DBA
- » Employees to drive your business vehicles
- » Up to 20 vehicles—we'll cover them on one policy
- » Higher limits than you can get with a personal auto policy—we offer up to \$1 million combined single limit
- » The pick-up or delivery of goods or people
- » Unlimited visits to job sites

## Key coverages for commercial customers

From rental reimbursement to temporary vehicle coverage to roadside assistance, we'll help you create a customized commercial policy to suit all your business needs. And with our broad acceptance of drivers, we'll help you get coverage for all your employees—even the temporary ones.

### DID YOU KNOW?

In the U.S., nearly 86 percent of all businesses in the construction industry are operated with a crew of fewer than 10 employees—and 78 percent rely on fewer than five\*. We're one of the few commercial insurance companies that will accept businesses of this size—or new start-up businesses—making us a great fit for a wide array of small, contractor-type companies.
